Dear Mark,

Proposed Closure of Springburn Post Office, Glasgow G21 1BU

I am writing in relation to the above matter.

I was very concerned to read the recent reports that a number of Post Offices have been identified for possible closure, including the Post Office in Springburn. I would wish to highlight that there are no banks in the Springburn area, or indeed anywhere in my Maryhill and Springburn constituency.

Should the Post Office in question indeed close, then there will be a detrimental impact on low income families, the elderly, financially excluded and such like. The Springburn Post Office is an anchor facility in the local area. I am therefore worried about any suggestions that the Post Office is being considered for closure.

I would welcome a meeting to discuss this matter further, and I would ask that any possible closure of the Springburn Post Office is reconsidered and reverted.

I look forward to hearing from you.

Yours sincerely,

Bob Doris MSP

MSP for Glasgow Maryhill and Springburn constituency (SNP)
